About the Institute

Established in 1983, Thadomal Shahani Engineering College is founded by the Hyderabad (Sind) National Collegiate Board (HSNC). Thadomal Shahani Engineering College (TSEC) is recognized by the Government of Maharashtra and is affiliated to the University of Mumbai. It offers a 4-year Bachelor of Engineering (B.E.) Degree program in Information Technology, Computer, Electronics & Telecommunication, Biomedical, Biotechnology and Chemical Engineering. It has been accredited by NBA till June 2019 for the former four under graduate programmes and is graded as an 'A' grade educational institution. It also offers Ph.D. program in the subject of Information Technology, Computer Engineering, and Electronics & Telecommunication. The college is centrally located in Mumbai at Bandra, the queen of suburbs; and is very closely connected and accessible from all the major local train stations and expressways

About H(S)NCB

Hyderabad (Sind) National Collegiate Board, Mumbai (Estd 1949) is the brain child of Vidyasagar Principal K M Kundnani and Barrister H G Advani. Today the cooperative management of the Board is in the capable hands of Trustees, Mr Anil Harish (President), Dr Niranjana Hiranandani (Immediate Past President), Mr Kishu Mansukhani (Past President), Ms Maya Shahani and Mr Lal Chellaram. The Board was established in the wake of Partition to provide quality educational facilities to the displaced Sindhi population and the local community and generate employment opportunities for them. Since the past 70 yrs the board has been, thus an active partner in nation building through education and professional prospects for the citizens. The Board has traversed a long way from 1 institution in 1949, to 14 institutions affiliated to University of Mumbai. Over the years the Board has also established 9 schools, 1 self financed management Institute and Polytechnic. The H(s)NCB Institutes are spread over Churchgate, Colaba, Cuffe Parade, Worli, Bandra and Ulhasnagar.

INTERNATIONAL CONFERENCE ON EFFICACY OF SOFTWARE TOOLS FOR MATHEMATICAL MODELLING (ICESTMM '19)

About the Conference

The ICESTMM' 19 will be the first most comprehensive conference focused on the various aspects of advances in applications and efficiency of software tools for mathematical modeling in the field of Computer, Electronics, Information Technology, Humanities and Management. Fundamental research is heavily relying on abstraction and modeling of physical phenomena/ processes and artifacts. Enabling ICT market places are flooded with numerous software products for modeling and further post processing. It is observed that specific software products are best suited for a segment of problem domains to be demystified. People with experience can tell us which one fits well with a specific situation and context of problems to be solved. It is our earnest effort to invite all experts/and researchers working in this area to contribute to the cause of simulation and modelling using software best suited for the same.
